

Buying presents can be a daunting task, especially as the holiday season continues to near. If you are looking for some ideas for gifts that help build fine and gross motor skills look no further! Our OT and PT teams put together a list of 10 of their favorite toys hyperlinked to make your holiday shopping a bit easier. If you have specific questions, please reach out to your therapist! We are happy to chat further or brainstorm with you to find a gift that is both fun and helps your kiddo continue to build skills. Our motto is “Growth Through Play” for a reason!!
Happy Shopping!
